Bridging The Information Gap

INFO HUB

MENTORSHIP *Program 2026*

With Ana Gono

Form 3 - 6

Introduction

The Info Hub Mentorship Program was established in April 2025 to support high school students with access to accurate information, structured guidance, and exposure to opportunities that are often not readily available to them. The program focuses on scholarships, academic planning, career alignment, and helping students understand how to position themselves competitively and how to apply for opportunities successfully.

In 2026, the mentorship program continues as a fully-physical Harare-based program, designed for students who can attend in person. The program runs from 13 April to 20 December 2026, with structured mentorship blocks during school holidays and continuous guidance during school terms.

About The Mentor

Ana Gono
M E N T O R

Ana Gono is an education advisor and mentor with extensive experience guiding students through scholarship applications, university pathways, and career planning. She has worked with students who have successfully accessed local, regional, and international opportunities. The mission of the program is to bridge the information gap, provide strategic guidance, and help students intentionally align their academic and extracurricular journeys with future opportunities.

Program Structure (2026)

1

What The Fee Covers:

- Mandatory physical one-on-one mentorship session.
 - Participation in all physical mentorship blocks (April, August, December).
 - Continuous guidance and mentor access throughout the year.
 - Scholarship and career guidance appropriate to each form.
 - Parent engagement where necessary.
-

Parent Information & Expectations

The mentorship program is designed to work in partnership with parents. Parents are expected to:

- **Support attendance at physical sessions.**
- **Encourage consistency and follow-through.**
- **Understand that mentorship is guidance, not a substitute for discipline or school responsibilities.**
- **The program aims to build independent, informed, and disciplined students who take ownership of their academic and personal growth.**
- **Assist students with job shadowing and career exposure placements where possible by leveraging personal or professional networks.**
